Planned from Gurugram

Every move is planned from our Gurugram office: local shifting across Gurugram and Delhi NCR, and city-to-city moves to the rest of India.

One team, start to finish

House shifting, office moves and corporate relocation are planned by the same team, and questions before or during the move go straight to our office.

OUR RELOCATION PROCESS

Four Steps from Quote to New Address

1

Survey and plan

Tell us what is moving, the floors at both ends and your date. We plan the crew, the vehicle and the material.

2

Pack with care

Furniture is wrapped, fragile items are boxed separately and every carton is labelled by room.

3

Load and move

Goods are loaded in order and secured in the vehicle for the drive to your new address.

4

Deliver and unpack

Cartons go to the right rooms, furniture is placed, and we unpack if you have asked for it.

WHY CHOOSE ALLIED

Your Relocation Partner from Gurugram

Material chosen per item

Sofas get stretch film, crockery gets paper and dividers, TVs and appliances go in padded cartons.

Every carton marked

Each box carries its room and a short list, so you know where it goes before it is opened.

Talk to the office directly

Questions before or during the move go straight to our Gurugram office.

Homes, offices and businesses

House shifting, office moves and corporate relocation are planned by the same team.

Storage when dates do not match

If the new place is not ready, ask about holding your goods until it is.

Written quote, no surprises

The quote lists packing, transport and any extras, so you can compare before you book.

FROM OUR WORK

Small items wrapped one by one inside a carton

A wooden crate for a large, fragile item

Moving further? Intercity and international moves are planned from the same office, with the route and dates agreed in writing.

Keep these with you

Carry cash, jewellery, documents and daily medicines yourself on moving day.

Not in the truck

Gas cylinders, fuel and other hazardous goods cannot go in the vehicle. If unsure, ask before packing begins.

What sets the price

The volume of goods, the distance, stairs or lift at both ends, the packing material and extras such as a car or storage.

Offices on your schedule

Office moves can be planned around your working hours. Tell us your preferred days when you ask for a quote.
